

Revenue Rule Matrix

TO-BE REVENUE RULE MATRIX – TADA v2

7 Income Streams | 4 Stakeholders: Creator / Referrer / Platform / Investor

FINAL RULE MATRIX (Configurable in DB – No Code Change)

Income Stream	Creator %	Referrer %	Platform %	Investor %	Total	Rationale
Paid Chapter (2,000 VND)	70%	10%	15%	5%	100%	Creator gets the main share → incentive for creation. Referrer gets a reward → viral promotion. Investor takes a small amount → transparency.
Subscription (1–12m)	60%	—	30%	10%	100%	Stable revenue → Platform & Investor need a higher share to cover operating costs.
Donation	95%	—	3%	2%	100%	Direct gift → Creator receives almost everything, small processing fee.
Ads (CPM / View-based)	50%	—	40%	10%	100%	Ads operated by the Platform → high cost → more balanced split.
Affiliate (External Link)	40%	40%	10%	10%	100%	Dual earning: Creator + Referrer both benefit → encourages sharing.
Referral Bonus (User invites User)	—	100% (50k fixed)	—	—	—	Fixed bonus → not a percentage split, only

						rewards the Referrer.
View-based Reward (Watch 10 chap → 100 VND)	80%	10%	8%	2%	100%	Similar to Paid Chapter, but the reward is small → Creator is still the main recipient.
